

Dear Mr. Allen,

Seventh grade has been a blast! I'm so glad I was on your team, even though you give us all these crazy projects, No I'm just kidding. Because of you I have learned so much this year, social studies was always boring and I was never interested, you have made it fun and exciting with your jokes and funny movies.

I hope you have a wonderful summer! ~~##~~  
I'll come and visit you next year!

Sincerely,  
[Redacted Signature]

PS: Cheese is so great, in fact it is awesome!
